

# Draw Me In

*Lyrics and Music by*

**Emily Berger and Jeffrey Luckey**

## *Verse 1*

When my heart does fail me, I find strength in you  
And when my flesh gives in, I find grace through your cross

## *Verse 2*

You know my deepest thoughts, You see my wicked heart  
My shame is not hidden from you, but still you love me, Oh yes you love me

## *Pre Chorus*

A life once lost, A life now judged  
By the blind who groan for something more.  
But there is hope in the one who lives  
You've called me out of death to be with you in life

## *Chorus*

Draw me into your arms I am longing to be known  
Your grace is covering my sin and shame  
I'm surrendering who I am and who I'm striving to become  
For my goal is to simply glorify you, to glorify you

## *Bridge*

I am seen by the One who put the stars in place  
I am heard by He who receives the angels' praise  
I am loved by the One who knows my deepest needs  
I am known, I am known
